FIRST ANNUAL HORSE AND MULE SHOW READY TO OPEN

Umatilla county's first annual Horse and Mule Show will be held at Round-up Park tomorrow and already a great deal of stock has arrived for exhibition at this show. Indications today point to a very successful show, considering the fact that the institution is a new one.

Horses and mules have been arriving all day and the exhibits tomorrow will be proof conclusive that Umatilla county has a high rating among the livestock counties of the state. The officers of the breeders' association are very much encouraged at the response to their efforts to interest the farmers and stockmen in the show.

The judging of the heavy stuff by experts from the O. A. C. extension department will begin at 8 o'clock in the morning and during the afternoon the judging of the lighter harness and saddle stuff will be taken up.

Promptly at 1 o'clock a parade of livestock will be held, the line of march starting at the park, going south to Webb, east on Webb to Main, north on Main to Court and west on Court to the park.

During the afternoon there will be some entertainment features at the

park. Barney Sherry has a trick horse which will put on a few stunts and the officers are planning on a few races or other numbers.

COMMISSION PLAN.

(Continued from page one.)

The decision not to submit the amendment at the coming election came from a feeling that the voters would not give the matter the attention it deserved because of their interest in the majority and councilmanic contests. If a special election is held, it will probably be some time in February or March.
